Mr. Darryl Trombley
Metro Controls, Inc.
22656 15 Mile Road
Clinton Township, MI 48035

Darryl,

Bloomfield Hills Schools has been working with Metro Controls for many years and we thank you for your support. We have had good success with Metro and Automated Logic over the years. Its user friendly program has worked extremely well for our HVAC staff.

The HVAC staff has always gotten quick response when trouble shooting is needed, and we find your staff very helpful. The on-site training and interaction with my staff is well received and the hands-on approach is appreciated.

It has been a pleasure working with Metro Controls and I look forward to working with you in the future.

Sincerely,
