Clinton Township, MI 48035

Mr. Trombley,

I would like to take a moment to share my satisfaction for the work your firm has done for the Township before, during, and after the Capital Building Program we undertook several years ago. From the design phase all the way through our current support agreement, Metro Controls and Metro Environmental has met or exceeded our expectations in every case.

Also, I wanted to specifically mention the training administered by your firm. This training gives my staff an ongoing resource to develop their knowledge and use of the system. This is invaluable in the development of my employees allows us to fully utilize WebCTRL system

I look forward to working with your firm for future projects.

Thank you,
